

Introducing IntelliDrive. A smart direction in auto insurance.

Simply by signing up for the IntelliDrive program, you'll get an immediate 5% discount* on your auto insurance, plus access to insightful driving reports and tools that can help keep you, your family and your vehicle safer both on – and off – the road.

How IntelliDrive works.

When you sign up, you'll receive a small electronic device in the mail that installs easily in your vehicle. The device measures the number of miles you drive and other vehicle information such as fuel efficiency, speed, location, and distance driven. IntelliDrive also provides you with...

Easy access to daily driving reports and helpful vehicle information.

Through the secure IntelliDrive website, you can see your environmental impact including fuel efficiency and carbon footprint. Plus you can see details on how you're driving your car such as speed and braking patterns, and find your trips on our easy-to-use maps.

Even greater rewards for driving less.

Maybe you live in a city and take public transportation most of the time. Or perhaps you're retired and aren't on the road that much. If you don't put many miles on your car each year, you may be eligible for an additional discount when you renew your insurance.

A new way to coach teen drivers.

With IntelliDrive you can set up speed, late night, and location alerts to let you know how your teen is driving.

The IntelliDrive device installs easily in your car

If you are a low mileage driver you may be eligible for an additional discount when you renew your insurance – up to 20 percent!

Hartford, CT 06183

* 3% discount in Oregon.

All data collected is used in aggregate for research purposes. Mileage data is used to rate automobile policies.

IntelliDrive product and discounts are subject to state availability. Discounts are applied at the vehicle level. The device uses a certain amount of current from the vehicle's battery. Care should be taken with old or weak batteries.

Reporting capabilities may vary based on vehicle year, make and model and are subject to cellular network coverages. Alerts and services are not unlimited; additional alerts and services may be purchased directly from the vendor at the customer's expense.

This material does not amend, or otherwise affect, the provisions or coverages of any insurance policy or bond issued by Travelers. It is not a representation that coverage does or does not exist for any particular claim or loss under any such policy or bond. Coverage depends on the facts and circumstances involved in the claim or loss, all applicable policy or bond provisions, and any applicable law. Availability of coverage referenced in this document can depend on underwriting qualifications and state regulations.
